NORMALLY, THE FANNY BAY SALMONID ENHANCEMENT SOCIETY,

as a group, is pretty cool about rain. It is after all, water, which is good for fish, streams, trees, as well as all the usual things, like puddles, ducks and flowers. But not on the first Sunday in May, because that's our "River Never Sleeps" open house day at Rosewall Creek on Berray Road.

For the eleventh year we will transform the hatchery site into a tent city of exhibits from groups around the island who, like us, work for the good of the environment, its creatures and its habitats. Rain or shine.

We will also have everything else you can expect when your neighbors put on a show; well, almost everything, depending on your neighbors. We will have hot dogs and hamburgers and oysters and music, face painting and educational brochures, and a nice sunny day. *Promise.*

Fish Printing at River Never Sleeps Festival

Unique things like fish printing happen at the River Never sleeps Festival. You get a fish print by bringing a little person to the tent where nice

people help them slather their choice of colours over a real, genuine coho or chum carcass from this year's spawning run and then lay a large piece of white paper over top of it and press down everywhere. The result is a fish shaped rainbow extravaganza suitable for framing, and every grandparent should have one.

One of River Never Sleeps days' most popular events is our coho smolt release by ice cream bucket brigade of pre-schoolers, school-agers and parents, guardians, grandparents and volunteer bucket listers who carry their fresh-dipped silver fish from our hatchery tank to the shores of Rosewall Creek. There they are unobtrusively safely helped to pour it into its new home after Mom takes a picture. What this kind of fish release lacks in efficiency, it makes up for in charm. There is also an efficient mass smolt release.

Another kid-focussed attraction who goes non-stop all day is Registered Biologist Dave Clough. Dave, whose enthusiasm for bugs and other crawly things that come out of streams, complete with hands-on experience for every juvenile fascinated by the idea that there are living things under every rock, is one more of the many learning experiences River Never Sleeps day offers.

It will last from 10 a.m. to 3 p.m., admission is free, the family-friendly concession sometimes runs out early, parking is along Berray Road, there will be interesting things to do and people to talk to, and it will be sunny.

You can check out last year's event at our website www.fbses.ca but there's nothing like being there.

FANNY BAY QUILTERS

WALKING INTO THE OAP HALL APRIL 12TH

was like being invited into the welcoming home of a friend. Women are chatting, laughing, sharing, and working diligently on quilts. The Fanny Bay Quilters meet every Thursday, and this particular Thursday was Comfort Quilt Day, one

Thursday a month.

Daune spoke for the Comfort Quilters. They volunteer to make quilts, which are then donated to people in need such as young mothers, teens, families, seniors, those who are ill, or the victims of a disaster. The group donated 17 quilts to victims of the Cash Creek fire last summer. They have made 175 quilts of which 134 have been given away.

Most of the ladies participate in making Comfort Quilts. Fabric for them is donated by individuals as well as businesses. Volunteers chose their own design, and size of

quilt. Many take them home to work on. It usually takes about two or three sessions to complete one quilt.

Noreen Sterling started this group about 18 years ago. She couldn't locate any quilters in the community, so she offered lessons, and soon she had a group of enthusiastic women. There are 32 quilters (a waiting list if you want to join), and they come from the area between Union Bay and Qualicum Bay. During the winter, there are even four quilters from Flin Flon Manitoba!

Several quilters are very experienced. There are beginners too, and everyone helps each other. Twice each year an instructor is invited to teach some particular facet of quilting and twice a year they have a retreat where they spend two full days at the hall quilting while the OAP caters meals.

Although fabric (100 % cotton only) is donated, they need to buy batting which is quite expensive. Occasionally they will sell a quilt to raise funds, and donations are always appreciated.

Fanny Bay Quilters have donated quilts to the OAP for their November Christmas Raffle.

We have all marvelled at the stunning quilts and exquisite needlework which can be found for sale at our annual Fanny Bay Christmas Craft Fair.

It is wonderful to learn that something which obviously gives these women so much pleasure, is also providing comfort to people who desperately need it. Check out their Facebook page *Fanny Bay Quilters*.

SPID REPORT

2018

ANNUAL GENERAL MEETING AND TRUSTEE ELECTION

SPID's Annual General

Meeting was held April 7, and was attended by 39 ratepayers and 2 members of the public. One highlight was a report on Phase 2 of the water main replacement project. The majority of the work was completed on schedule, and came in approximately \$200K under budget. One major outstanding issue was remedied in the fall. There remain a few items still to be completed, and the construction company returned in April to work on those tasks. The final item on the list will be the hydroseeding, which will require 2 mowings before the warranty is discharged. The Board of Trustees thanks all residents for their patience during this project.

There was also an update on the plans for Phase 3 (i.e. new water mains for Ships Point Road, Vivian Way and Victor Lane). Financial modelling based on the funding provided by our Capital Expenditure Fund indicates a delay of up to 4 years may be required to ensure a positive cash flow for all 3 phases of the project. We will tender the consultant contract in 2019, with the Initial Survey and Design to be completed right away. The Tender and Permits and Construction Supervision and Quality Management components will be priced to include delays of up to 4 years. Having these contracts in place will allow us to be shovel ready and in a position to apply for grants. If grants do become available, we could potentially begin Phase 3 in 2020. Without grant funding, we will likely start Phase 3 sometime after 2022.

There were 3 Trustee positions up for election. Returning to the board by acclamation were Jackie Ainsworth, Kevin Gardave and Dave Henderson.

2018 AGM reports are available on spid.ca

Water Main Flushing

Annual water main flushing is scheduled for May/June to ensure continued safe, clean drinking water. The line flushing may cause cloudiness in the water. If this occurs, please run an outside tap until it clears.

Another Successful Chipping Day

The Ships Point Volunteer Firefighter Association (SPVFA) held its second Chipping weekend April 14-15. Many thanks to the 49 Ships Point households who had their yard waste chipped, and especially to the 15 firefighters and community volunteers who gave up their weekend to run the chipper.

In addition to reducing air pollution by turning yard waste into mulch, the SPVFA, a registered charitable organization, raised funds that make a direct impact to our community. Donations are used to replace outdated equipment, and to provide training for firefighters, first responders, and emergency preparedness. All funds raised stay in our community. Donations to SPVFA can be dropped off at the SPID office - donations over \$20 will receive a tax receipt.

Kudos to our First Responders

Ships Point First Responders received a letter of thanks and commendation for their assistance and professionalism from the attending paramedic on a complex case that occurred recently on the Point. Well done, First Responders!

THE COMOX VALLEY REGIONAL DISTRICT (CVRD)
 Compliance Department deals with a variety of services related to regulatory issues, including animal control, dog licensing, fireworks, land use (planning), noise control, unsightly premises and special events. On every file investigated the CVRD strives to gain voluntary compliance with the by-laws before resorting to enforcement actions such as issuing tickets or seeking stronger legal solutions. This approach is in line with the CVRD's Bylaw Enforcement Policy.

Bylaw staff work on a reactive, complaint-driven basis. A bylaw complaint is a formal written request to have an alleged bylaw infraction investigated by a Bylaw Compliance Officer and completed bylaw complaint forms are treated as formal legal documents. The CVRD does not accept or act on anonymous complaints, however the anonymity of the complainant will be maintained between the complainant and the alleged offender except where disclosure is required or necessary in a court of law.

Bylaw Compliance Officers and other authorized persons will investigate complaints received by the public regarding non-compliance and alleged bylaw violations. Once a com-

plaint has been received and a file initiated, bylaw staff will conduct a site visit to determine whether a violation exists and address any issues with the land owner and/or tenants. Complaints are responded to on a priority basis.

The new CVRD website now offers an easy, online submission form for bylaw complaints or general inquiries. Please visit CVRD website at <https://www.comoxvalleyrd.ca/bylaw>

COMOX VALLEY'S OWN SARAH HAGEN returns to the Valley for a unique performance in the 'Live At Fanny Bay Hall' concert series on **Saturday 5th May.**

Best known for her role as a classical pianist, Sarah has expanded her horizons, branching out to combine her extraordinary musical talents with her wry sense of humour to create a brand new persona as comedian. Often referred to as the next Victor Borge, Sarah has transformed her award-winning role as 'concert pianist' into a stand-up, or rather, sit-down comedian. Pairing anecdotes with music, her show, "Perk up, pianist!" takes audiences deep inside the world of a classical musician as she shares her earnest efforts to keep her spirits up in the midst of troublesome times.

Her show tells the tale of a touring classical musician remaining optimistic in the midst of challenging and often ridiculous situations.

Of the shows debut at the Toronto Fringe Festival, Montreal Rampage wrote: 'Hagen reminds us the beauty of how an honest solo performance can make you so easily fall in love with its performer'.

'One of the best hours I've spent at the Fringe' - The Coast, Halifax

As a classical performer, Sarah was awarded Ontario Contact's Artist Of The Year in 2017, and BC Touring Council's Artist Of The Year in 2015. She has played in Carnegie Hall as First Prize Winner in the 2013 Buono International Piano Competition.

This will be a delightful and unique evening of music and laughter.

The show starts at 7pm (doors open at 6:30pm). All tickets are \$20, on sale at Laughing Oyster Books in Courtenay, Weinberg's Good Food in Buckley Bay, and Salish Sea Market in Bowser.'

FANNY BAY NATURALLY Unlike the rest of Canada, spring on the west coast has sprung as usual, albeit a little cooler than in years past. Spring, of course, means nesting season for the many birds that grace our community, in fact some species actually start nesting as early as January in this region!

Spring is also the season for yard clean-up and gardening, so be sure to check for nests before you prune or remove trees and shrubs in your yard. Not only is it against the law to disturb active nests, but with the ongoing loss of habitat due to development and logging, many species of birds look increasingly to residential yards to provide suitable nesting sites. Some nests are very hard to spot - hummingbird nests, for example, are only three to four centimetres across! All bird species camouflage their nests to some extent and some birds build their nests low to the ground where we might not expect to find them. If you do find a bird nest, put off pruning or cutting down that tree or shrub until you are absolutely certain that it is no longer being used.

Remember, "Spring would not be spring without bird songs." (Francis M. Chapman, American ornithologist)

by Jackie Dunham

BAYNES SOUND GARDEN CLUB

Next meeting Thursday **May 3rd, 7 PM** at the OAP Hall. Our guest speaker is *Valerie Melanson*. She will be talking about Starting Alpines from Scratch: seeds, cuttings, etc. This would be transferable to general garden plants too. There will be a slide show and some demonstration items. Come join us for an interesting and informative evening.

Guests and new members welcome at 418 Ships Point Road.

THE FB CA AGM WAS HELD ON MARCH 25, 2018

The president, *Anne Trussler*, thanked the board for their dedication and diligence. Anne pointed out that this year's flyer is now self-sufficient under *Wendy Keating's* amazing direction. Anne also gave a particular thank you to the treasurer, *Liisa McCollum*, whose expertise keeps the hall going in the right direction. All the regular activities such as aerobics and pickle ball continue to thrive thanks to *Suzanne Murray and Cherry Kuss*. The concerts (*Neville Hope*) and Fat Oyster readings are still a growing success. All in all it was a fantastic year!! The FB CA board would like to invite community members to join the board. **The FB CA particularly needs a Buildings & Grounds Director.** Please consider joining our community service group! Email Suzanne zambezzi@me.com

FANNY BAY WATERWORKS EXTENDS

our heartfelt thanks to *Barbara Gould* for her many years of dedicated service.

Barbara started in 2002 as our accountant and has contributed many hours keeping the finances in order.

We wish her well in her busy retirement!

TWO-NEE MATINEE

will be showing *Paddington* in May. The kids (and some adults too) are invited to come out to see the film at the Fanny Bay Hall. Check Fanny Bay Bulletin Board page on Facebook for date.

Community credit unions remain solid amidst uncertainty

In 2017, a staggering 40 per cent of Canadians admitted to fearing bankruptcy if interest rates continued to rise. It's no secret that Canada's shifting economic landscape – with rising interest rates, cyber security risks and upticks in private debt – incites anxiety in consumers.

In this increasingly uncertain world, we're all looking for something we can count on. Union Bay Credit Union aims to be that something.

For over 73 years, we've proudly served our local communities, providing the calm amidst a sometimes stormy economy. Our revenue has grown steadily each year, and we continue to pay back your confidence in us through charitable donations, volunteer hours and dividends to our members.

"Our local community is our greatest asset," says CEO Sharon McGarvey. "I'm proud to share that in 2017, we returned over 17 per cent of our net earnings in dividends. Our staff and directors volunteered more than 750 hours in our communities and we awarded \$5,250 in bursaries to local students. Serving our members is a privilege – one that we expect to continue well into the future."

While many other financial institutions have raised their service charges, UBCU has not. Unlike the big banks, we're not driven by profits – we're owned by our members and are 100 per cent accountable to the people we serve.

It may be an uncertain world out there, but we're here to take the fear out of your financial future. We're immensely proud to serve our local communities and to invest in their success – and in yours, too!

PREPARE TO BECOME TREE AWARE!

When you gaze up in awe at the grandeur of a huge cedar tree, or when you witness the beauty of a massive moss-covered trunk of a majestic maple have you ever wondered what benefits these mature trees offer to our community? Well, here is your opportunity!

The Fanny Bay Community Association, Beaufort Watershed Stewards and Baynes Sound Garden Club are hosting a presentation entitled the **Benefits of Retaining Mature Trees in the Landscape on May 16th**. There will be three presenters: Arborist Verna Mumby, Hydrogeologist Gilles Wendling, and Dusty Silvester a Registered Biology Technologist.

The desired goal of this presentation is to encourage people to 'Become Tree Aware', to understand the economic and ecological value of trees to you as a homeowner, their environmental interconnectedness and their positive effects on our hydrology. The more informed each of us are, the better decisions we will make regarding mature trees. There will be a Question & Answer period after the presentation – a wonderful opportunity to 'ask the experts' about the big trees in your neighbourhood!

Verna Mumby, from Mumby's Arboriculture Consulting, specializes in tree appraisals, tree management plans and providing expert witness testimony. She is an International Society of Arboriculture (ISA) Certified Arborist, ISA Tree Risk Assessment Qualified and a member of the American Society of Consulting Arborists. Verna has been working in the field of arboriculture for more than 20 years.

Gilles Wendling has a Ph.D. and nearly 30 years of experience in hydrology. He has been involved with over 1,000 projects as a consultant. Gilles's company, G. W. Solutions, focuses its activities on aquifers and watersheds, and surface water and groundwater interactions. He is very interested in public education and has delivered close to 200 public presentations.

Dusty Silvester has a B.Sc. from Royal Roads University and a Registered Biology Technologist diploma from Camosun College. He works as an applied biology field technologist with Current Environmental Ltd and specializes in environmental impact assessments, aquatic and terrestrial habitat management, urban environmental design, salmon habitat restoration and construction monitoring.

YOUR HALL NEEDS YOU! GROUNDS CLEANUP

SATURDAY MAY 26th 10 am - 1 pm

Fanny Bay is lucky to have such a vibrant hall for the many activities and events that it offers. Winter winds and rain wreak their havoc with branch blowdown and general decline, just like at home.

The hall and grounds need some TLC from us all. We are calling all helpers to a blitz, this last weekend before our summer's send us far and wide. Please bring a hat, work gloves, your favorite tool - even a wheelbarrow. We'll have an inventory of specific tasks. Contact Volunteer Co-Ordinator Cece - cece@gypsycece.com for more information.

Our board is in need of a Buildings & Grounds Director. We also need to hire a someone to mow the field; see page 10.

THE MONTH OF APRIL

was a busy one for us and it seems to have come and gone very quickly. Before moving on to reporting May activities, we would like to send a huge thanks to all those who helped with the preparation and serving of the F.B.C.H. Volunteer Appreciation Brunch last Sunday. We really appreciate the kind words and compliments from the big hall members!

It was a pleasure to work and plan with your dedicated volunteers and we look forward to doing it again.

Thirteen of our members attended the OAP Regional meeting held in Cumberland on April 4th. Our very own *Walt Johnsen* won 1st prize in the men's Easter bonnet contest and *Mike Robson* who won a little cash from their fun fund! Well done.

Our Gigantic Garage Sale will be held Saturday, **June 9th** from 8:00 AM until 3:00 PM. We will have a bake sale and raffle and our Senior Moment concession will be open all day. If you have items you would like to donate to our sale please call Bruce at 250-335-1337 or Walt 250-335-2333 for pick up.

May will be a quieter month before the hectic days of garage sale and Father's Day breakfast in June and our annual picnic in July.

May 8th at 2 PM is our monthly meeting. We'd love to have you join us whether you're an existing member or would like to become one.

May 15th at 5:00 PM is our potluck and this month it is spaghetti and bingo night. The club will provide the spaghetti dinner and garlic bread and we will call members for appies, salads and desserts. All members are encouraged to come and enjoy the fun. (Fran and Bruce, Joan and Walt are convening).

Happy May Birthday to: Aileen Beasley, Lawrence Cooper, Rob Payne, Gary Hargreaves, Joan Johnsen, Gayle Livingstone, Ann Mansbridge, Dick Walters.

For those born in May, your birthstone is Emerald and your birth flower is Lily of the Valley.

I would like to express my thanks to *Fran Mills* for doing the OAP Flyer Report during my absence. She has done a brilliant job and I appreciate it so much.

HAPPY MOTHER'S DAY TO ALL OUR LOVELY LADIES

The Fanny Bay Flyer is published monthly (except January) by the Fanny Bay Community Association [FBCA], a non-profit society and registered charitable organization.

Opinions expressed in the Flyer are not necessarily those of the FBCA or the editor. While every effort is made to ensure the accuracy of the Flyer's content, neither the Association nor the Editor assume responsibility for any misprints or errors, which may appear in the information given and printed within.

Submit camera ready artwork - jpg, gif, tif - or inquires to flyer@fannybaycommunity.com

The FBCA Board of Directors will promote activities that enhance the quality of life for Fanny Bay residents.

The Board seeks community input, invites participation, encourages the use of the Fanny Bay Hall as a place to gather, share, foster and deepen the sense of community while maintaining the existing structure in good condition.

The FBCA gratefully acknowledges the support of the Province of BC through a Community Gaming Grant which enables the delivery of low cost programs & activities.
