

Chlorine issues – Bob will contact John Brennan and ask for a simple spec on what is needed including safety for spillage and Wayne will build or add to the pump house for chlorine drop off and empty pick up. Peter is looking after finding someone else to look after the daily readings and we will also need someone to coordinate drop off and pick up.

**New Business:**

Wayne suggested that in addition to posting any notices in the 5 agreed locations we also email to those we have addresses for. Pat will check with Barb for data base of email addresses and is willing to do this if required.

**Parcel Tax Bylaw –**

Wayne Rideout motioned to accept Bylaw 112 as distributed and seconded by Bob Beedle. First and second readings were completed, two copies signed, sealed and Pat will look after forwarding to Joshua at the Ministry.

Maintenance needed – Fire Department requested authority to hire someone to mow around fire hydrants for \$50-80. Approved.

**Next Meeting: August 2, 2017.**

No further business. Motion to adjourn by Bob Beedle.

Signed \_\_\_\_\_

Wayne Rideout, Acting Chair
