A/V EQUIPMENT RENTALS *(See Daily Rental Rates listing on page 1 for rates)*

Much of our FBCA A/V equipment is expensive and so covered by insurance. As such, if any A/V equipment is damaged or goes missing during your event, the FBCA may have to provide your contact information to the police and/or FBCA's insurance company, as appropriate.

Standard Sound System: PA system with 2 speakers mounted by the stage; 14' x 7' drop-down screen, Samson wireless microphone, CD player, and cable to connect iPod-style devices

Small Multimedia package: This package must be set-up and taken down by a qualified FBCA A/V technician or sound mixer, and an adult must oversee it at all times during an event. It includes the standard sound system plus a wired Shure SM58 microphone and stand, a Mackie 8 channel mixer, 2 Turbo sound speakers on stands, and a high-quality projector with audio outputs to mixer.

Full Multimedia package: This package must be set-up, taken down, and attended by a qualified FBCA A/V technician or sound mixer at all times during an event, from load-in to load-out. It includes all items listed in other media packages, plus professional audio and lighting systems.
